

AREMU OLUWASEYI FESTUS

Software developer

SUMMARY

As an experienced software developer with a strong background in computer science and a Bachelor of Science degree, I possess strong problem-solving abilities. I have gained useful experience in several facets of software development over the course of my work. What makes me unique is my unwavering commitment to lifelong learning and development. This innate drive not only propels my personal development but also creates a cooperative atmosphere when collaborating with other developers.

PROFESSIONAL EXPERIENCE

Software developer

JamiyaFX | June 2020 - Present

- Designed and developed a comprehensive full-stack web application to streamline company transactions, maintain detailed account reports, and efficiently manage staff operations.
- Proven proficiency in programming languages including Python, and JavaScript, coupled with a strong command of software development methodologies.
- Built Mobile app in React native expo for company expansion project

Software developer intern

Biscom Logistics | May 2019 - Feb 2020

- Diligently identified and successfully rectified substantial design flaws and critical bugs within the project, showcasing a keen eye for detail and a commitment to delivering high-quality software solutions.
- Contributed to testing and optimizing user interfaces, enhancing the application's front-end functionality, and facilitating seamless user experiences for customers.
- I assisted in the development of the company project and collaborated with the team in planning design and building.
